

Write the missing letter

y

l

v

um

eg

ell

ick

an

et

NOTES FOR PARENTS AND TEACHERS: The children should name each picture and then choose *y*, *l*, or *v* to write in the space. Help as needed. After completing this page, you can extend this activity by writing the endings from word families studied so far (such as: *at*, *ap*, *it*, *in*, *ip*, *id*, *ad*, *ag*, *ap*, *an*, *og*, *ack*, *ick*, *ox*, etc.), one per card. Depending on the number of children, you might make several of each. On other cards, write each letter of the alphabet, except *z*. For *q*, write *qu*. Call out various words from the word families learned so far, and ask the children to build the words from the initial letter cards and the word families' endings cards. Ask the children to spell the words they make (give the letter names).
